Scholarship Selection Committee
Mountain Scholarship Award

Dear Members of the Selection Committee,

It is my privilege to write in strong support of Aiden Nickel for the Mountain Scholarship Award. I have known Aiden since he was born and as he has grown into a young man, I have known him as a mentor, pastor, and friend. Over the years I have observed firsthand his character, leadership, willingness to receive advice and deep commitment to serving others.

Aiden is a young engineer of exceptional integrity and purpose. He approaches both his academic and professional work with intellectual curiosity and a desire to use his technical skills for meaningful impact. Aiden has shared a home with us for the past two semesters of school and we have witnessed him growing in independence and discipline. What distinguishes him, however, is the clarity of his calling to make a lasting difference in his christian campus community and encourage others to value and take advantage of those community connections while pursuing their vocational aspirations.

In his third year on the campus of Western University, Aiden has taken a leading role in the Power to Change ministry. He has consistently demonstrated the ability to gather students, build authentic relationships, and create spaces where faith, purpose, and service intersect. Each year he has become more involved in this ministry — encouraging students to live out their faith with courage and compassion while fostering genuine connections across the campus community. His approach is marked by humility, reliability, and a genuine concern for the spiritual and personal well-being of those around him.

I believe the Mountain Scholarship Award would equip Aiden to further develop his capacity for leadership and service. He possesses the character, engineering mindset, and spiritual maturity to steward such an opportunity well—and to multiply its impact among students, churches, and the communities he serves.

I recommend Aiden without reservation. He is precisely the kind of young leader this award is designed to support. Please feel free to contact me if I can provide any additional information.

Sincerely,

Scott Vanderform
